PARCEL DELIVERY EV BENEFITS

- › **Final mile home delivery solution**
- › **Lighter Body** to increase payload capacity
- › **Standard and Easy-Close HD shelving system options** by Masterack
- › **Easy access from cab to cargo area** with a full-height sliding door
- › **Convenient step-up Morgan Maximizer side and rear entries** with a remote-control powered roll-up door for easier access
- › **Enhanced safety** with improved visibility
- › **Cargo interior and shelving remains cooler in hot climates** due to mid-panel translucent roof that transmits light while permitting less heat transfer than other translucent roofing
- › **Structural composite wall materials and isolated shelving mounts** also reduce heat transfer thru the body to the cargo
