

Leak-free sealed joints keep your product dry. Tired of delivering wet products or ruining your own tools and materials? Prevent product damage - reduce your warranty claims by utilizing our product with elastomeric gaskets that are the ultimate protection from water intrusion.

Increase your payload with Morgan's NexGen Body. Built with lighter weight materials, the body is 17-20% lighter than the current bodies available in the industry. With the weight savings, our body can provide additional payload compared to the current industry offerings.

Decrease your cost of ownership. Increase your ROI. Morgan has always offered a quality product and we stayed true with this offering. Whether it's the all-aluminum subframe, leak-resistant design or corrosion proof materials, our new body is built for the long haul. This body will keep working for you every day with no worry of rust, rot, or decay.

Improve your fuel economy with our lightweight body. Additional payload not your concern? Well, everyone enjoys extra money in their pocket! Our NexGen body provides you with added savings at the pump that is unrivaled in the industry today.

Increase your uptime by reducing repairs and maintenance. Morgan's NexGen Body keeps you on the road saving you time and money. Our design features hard-mount installation, reducing costly maintenance and unwanted repair costs.

Resist the elements and keep rust at bay. With our new body, rest assured that it will stand the test of time. Built with non-corrosive materials, your truck will continue to look better and will undoubtedly last longer.

Enjoy a sleek design and blank canvas to enhance your brand image. Unlike standard bodies, our new body gives you a blank canvas to easily install graphics that highlight your brand. Our sleek, rivetless and seamless design gives the look and feel you desire!

Get the strength, durability and reliability that hard-working owners demand. You buy a Morgan for work, not play, and we know that day-to-day survivability is a must. The NexGen Body delivers unwavering durability from our translucent poly roof to our dent, water and stain resistant phenolic flooring.

Our innovative truck body reduces expenses and increases the bottom line. Morgan pushes the envelope in innovation and sets the standard in the industry. The combination of features, advantages and benefits are unmatched and will continue to impress day in, day out.
